Alaska Marine Highway System (AMHS)

The Inside Passage is a protected waterway on the northern Pacific coast of North America, replete with spectacular rain forests, mountains, and glaciers. AMHS service through the Inside Passage is served by road connections at Bellingham, Washington and Prince Rupert, BC in the south, to Haines and Skagway, Alaska, in the north.

The Golden Circle gets its name from the common thread that binds the region ... gold!

The discovery of gold in Juneau, and later in the Klondike, led to the development and establishment of the communities located along the route. Each community has grown and diversified over the past 100 years, but it was the lure of gold that sparked the spirit of discovery.

The Original Alaska / Yukon Gold Rush Route

The Golden Circle makes an ideal road trip for 3-5 days but you can stay longer if you want!
